

**Dire Days Ahead** as received by missionary to Kenya 5/16/06

All you have depended upon as stable will be shaken, all not based on Jesus Christ will crumble.

Money will become worthless. Great calamity coming upon America. Institutions thought strong & stable will fall.

Chaos in government. Supply dwindling as dollar goes into free fall. 401k's disappear. Food supply disappears. God will have to supply or you will not have. 9/11 was the 1st major shot. This will be major & God will be your only refuge. It will no longer be as it has been.

World will be thrown into turmoil. Nations will fall from within We shall bury our dead in unmarked places, digging the grave with our own shovels.

Set your house in order.

A days wage will equal a day's food; the 4 horsemen will ride. Those who live through the calamity will envy those who died in it.

Your selfish desire for prosperity underlies the calamity, but the murder of the innocent will bring the murder of the guilty.

Set your house in order.
